Preparing for a New Future Together with Jeonju University

60 years with the region,
100 years to the world

It will be done

Jeonju University is seeking new advancements for innovation beyond its 60th anniversary, aiming towards a centennial milestone. Through the university's mid- to long-term development plan, JJ VISION 2030, we have established our new vision as a "glocal university realizing student success and future value." By implementing our new core values of 'aptitude and practicality,' 'creativity and innovation,' and 'communication and coexistence,' we aim to create student success and future value, emerging as the No. 1 Regional Private University, beloved by the citizens of Jeonbuk and admired by local residents.

Remembering the long-standing teachings of our extensive history, Jeonju University will continue to shine brightly for the next 100 years, advancing further and deeper into the world. We will create the future of Jeonju University together with you. We hope you will join us in ensuring that Jeonju University sails towards the right destination, and we will strive to create a better future with the unwavering light that reveals our true selves, like stars in the night sky.

The President of Jeonju University *Jin-Bae Park, Ph.D.*

Greetings

The Office of International affairs (OIA) of Jeonju University is dedicated to fostering internationalization by collaborating with leading universities and institutions worldwide. Our efforts ensure that outstanding international students have the opportunity to study at Jeonju University. Currently, around 1,000 students from 17 countries are pursuing their dreams on our campus.

To support international students in their studies, OIA provides a mentor/ mentee program with Korean students, a mentor family program, exchange programs with over 10 universities in other countries such as China, Japan, and Canada.

OIA is committed to helping both domestic and international students at Jeonju University develop the professional competencies necessary to become leaders in various fields around the world.
Thank you!

The Dean of International Affairs

Young-kuk Shim, Ph. D.

The English track at Jeonju university provides an 100% English-taught degree program, designed specifically for international students from around the world. The goals of English track are to foster professionals who excel in their fields while also nurturing individuals who are well- rounded in all aspects of life.

Our program currently consists of two undergraduate schools with eight programs. Both the School of Global Management and the School of Arts and Culture offer a diverse range of specialized programs designed to equip students with the skills and knowledge needed to thrive in a global environment.
The students will learn from professors who bring both expertise and a global perspective to the classroom.

We welcome you to join our program, where you can become the next Super Star of the world!

The Director of English Track

Hyejin So, Ph. D.

Jeonbuk State

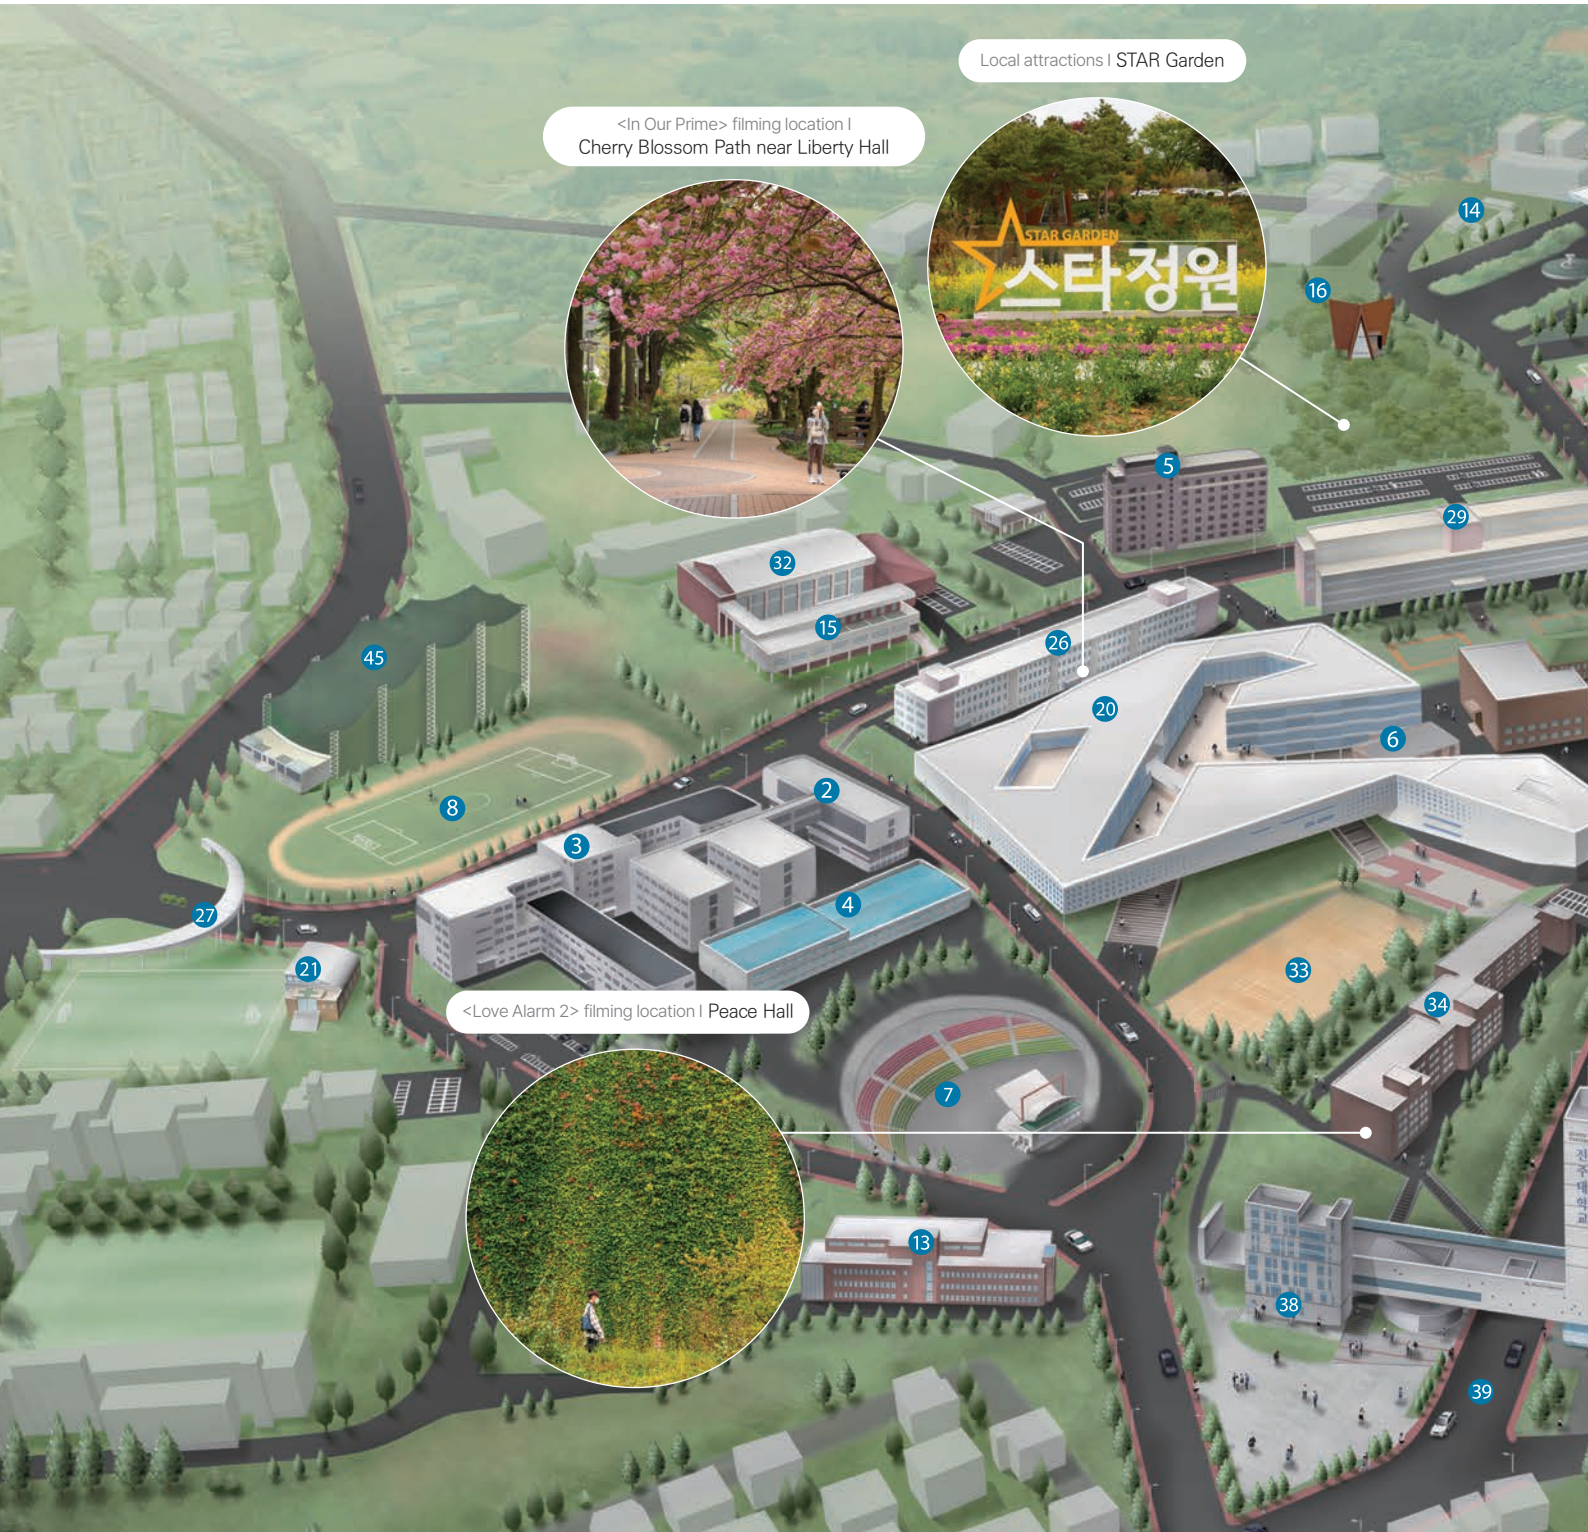

Jeonju City

Beautiful campus in a beautiful city

For 60 years since its establishment, Jeonju University has continuously developed to fulfill the dreams of students, with the vision of being 'No. 1 in creating educational value' while walking alongside the region.
Jeonju University's campus has a picturesque landscape that changes with the seasons. For over half a century, the campus of Jeonju University, harmonizing with the facilities developed, is highly regarded as a local landmark and a popular filming location for various movies and dramas.

Why Jeonju?

Culture & Living

1. Food

The Jeonju Bibimbap Festival celebrates the taste and charm of one of Korea's representative foods in the city of it's origin, Jeonju. We have been recognized by UNESCO as a City of Gastronomy, and the festival promotes this branding.

2. Hanok Village (Korean traditional village)

The largest traditional village in Korea, with more than 700 in Jeonju. It is the only hanok district that is located in the center of a city. It is an important space that is home to about 20 cultural facilities including Gyeonggijeon, Omokdae, and Hyanggyo. It is one of the most popular tourist destinations in Korea and is full of traditional Korean style such as hanok, hanji, hansori, hanbok, Korean food, and oriental medicine.

3. Taekwondo

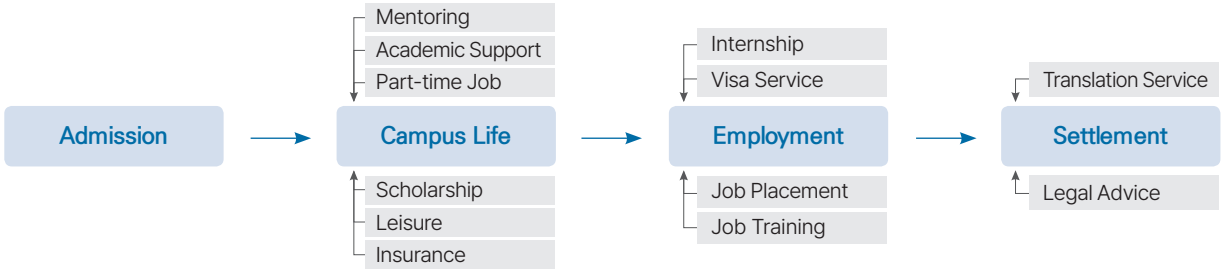

Jeonju University's Taekwondo performance team 'Ssaulabi' won the Golden Buzzer on 'Britain's Got Talent (series 17)' and advanced to the finals.

4. Living Support

The local government and Jeonju University provide various services to help international students achieve successful studies, employment, and settlement.

College of Humanities Contents

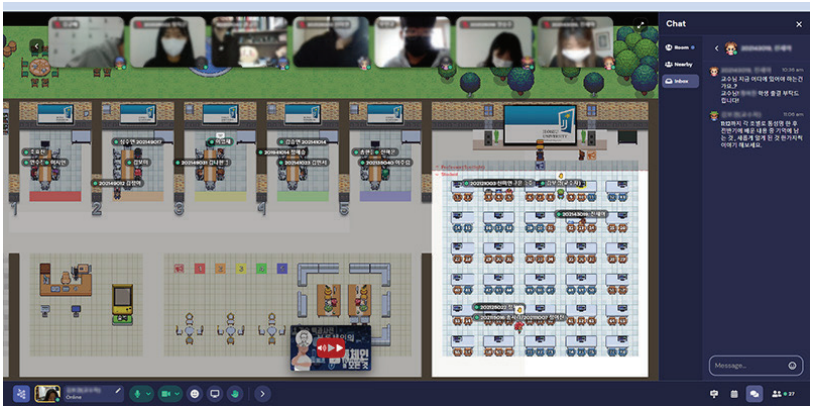

Breaking the barrier to learning, Digital education infrastructure

Jeonju University is leading educational innovation in the digital transformation era through a new remote learning model, xClass, which enhances feedback and interaction online, and STARverse, the first domestic university to integrate academic metaverse education spaces.

Metaverse Classroom: STARverse

In the STARverse virtual classroom, attendance check and academic management functions are integrated into a video conference-based metaverse service. xClass's metaverse real-time remote classes are held in a digital classroom space.

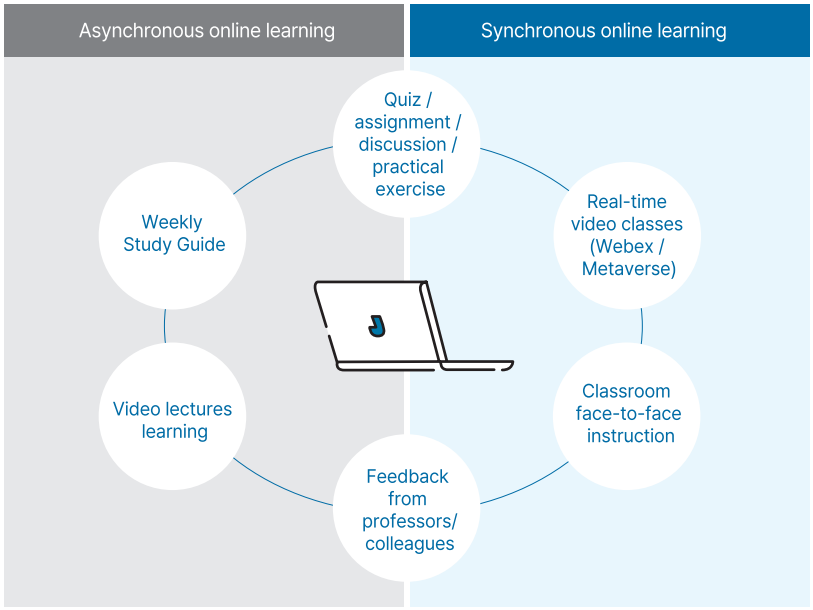

Link to STARverse

Enhanced feedback and interaction in a new remote learning platform, xClass.

A new remote learning experience unique to Jeonju University, where some classes are conducted in real-time remote learning, such as in-person or metaverse, to complement the drawbacks of video-based remote learning.

English Track Programs

Degree Programs

- Business Administration and Accounting
- Food Management
- ICT Management
- International Hospitality Management
- Tourism Management

- Creative Arts Psychotherapy
- English Language and Literature
- Game Contents Design

School of International Business Administration

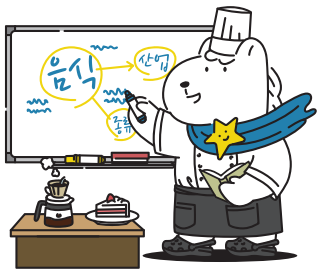

Business Administration and Accounting

Cultivating First Movers in the Era of the Fourth Industrial Revolution!

The 'Business Administration and Accounting' program helps develop leaders who will bring about change with new ideas and innovative plans. We offer specialized training in business- related topics like planning, management, International Financial Reporting Standards (IFRS), production, finance, e-commerce, marketing, and entrepreneurship. Our aim is to give students the skills and knowledge they need to do well in today's business world. Begin your journey in the business world by leading with cooperation and creativity through our program

Food Management

Nuturing Superstars in Future FoodService and Culinary Management

Our program is strong in practical training and a 100% focus on employment. We aim to nurture future superstars in the culinary arts. Do you want to become culinary superstar? Our professors in the filed such as culinary practice, food and beverage management, and business administration, along with enthusiastic senior students, will guide you. We are awaiting new stars.

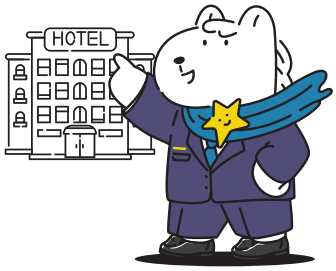

ICT Management

Training Students to Manage Technology for Effective Communication and Information

The Information Communication and Technology (ICT) Management program equips students with the essential knowledge and skills needed to thrive in today's technology-driven world. Through this program, students will learn how to design, implement, and manage various technologies that facilitate effective communication and ensure the efficient dissemination of information among people and organizations.

International Hospitality Management

Study in Jeonju, Work Abroad!

The Department of International Hospitality Management has placed a total of 365 employees in hotels overseas from 2006 to May 2024, including locations such as Singapore, Vietnam, Guam, Saipan, New Zealand, and Dubai. Even in domestic 5-star hotels, we yield extraordinarily strong employment results. Our department is particularly known for English classes, overseas employment opportunities , and formal attire courses. We help students clearly and definitively set their vision and pursue them. For a successful career as a professional manager in the hotel industry, the Department of International Hospitality Management at Jeonju University is the best choice

Tourism Management

Training Future Experts in the Tourism Industry

Our program provides a curriculum that helps students explore different career opportunities in areas like tourism, aviation, travel, hotels, and the MICE industry. We offer students a variety of classes and help prepare them for careers in the tourism industry. We provide cultural experiences and develop international tourism skills through field trips within the country and abroad, as well as through exchange programs with universities in other countries.

School of Arts and Culture

Creative Arts Psychotherapy

Cultivating Creative Arts Therapists

Our program offers comprehensive training in therapy theories, clinical techniques, and artistic skills to develop professional creative arts therapists. We offers majors in music therapy and expressive arts therapy. Our faculty members are not only distinguished educators and scholars but also bring extensive clinical experience, having trained in the USA and Europe. Upon successful completion of their degree, students are eligible to obtain certification as creative arts therapists. Additionally, through arts festivals, we provide students with valuable opportunities to express and showcase their artistic talents and abilities.

Game Contents Design

Cultivating Professionals Who Challenge Themselves with the Latest Technology and Creative Ideas

We provide specific education for students interested in game production using the latest technology and creative ideas. Our education covers game planning, 2D/3D graphic design, and programming. We offer hands-on learning projects and teamwork activities to gain the practical skills needed in the workforce. By taking part in different national projects, you can gain hands-on experience with different companies and kickstart your career. Bring your dreams to life in this program, where you can turn your passion for game production into reality.

English Language and Literature

English Literature in a New Era! Gain Wings with Digital Literacy!

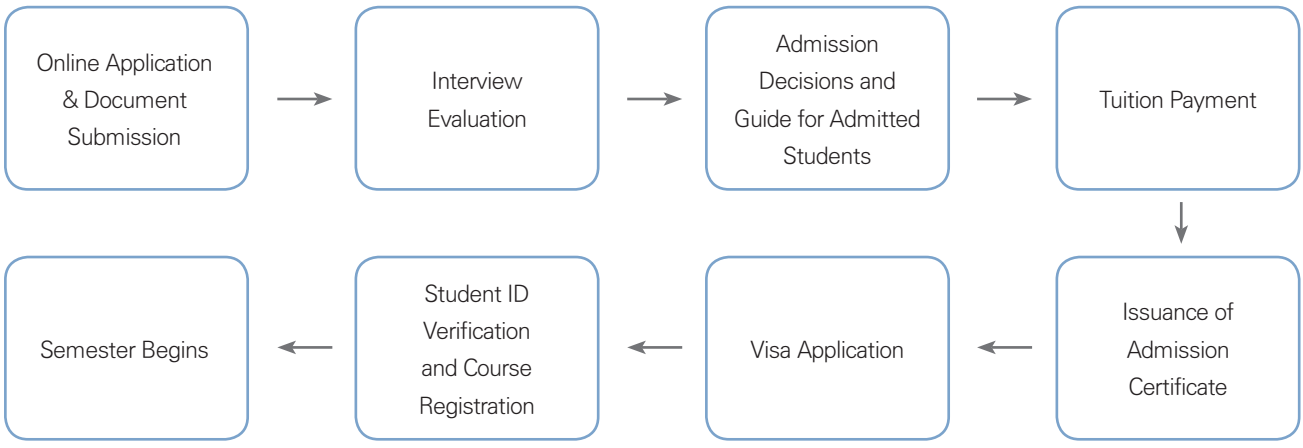

The 'English Language and Literature' program provides a solid education in English, an important language for global communication, along with a deep understanding of British and American cultures. During their studies, students can improve their English skills through language training, exchange programs, and international work opportunities. Graduates of the program are well-prepared for careers in education, media, translation, business, tourism, and media content creation.
